

# LUCIANO CLEMENTI

## Skills Summary

Detail-oriented Video Editor and Interactive Media Design student with hands-on experience transforming raw footage into structured, polished visual content. Skilled in cinematic pacing, music-driven editing, basic colour correction, and motion graphics. Experienced working within collaborative production teams while independently managing deadlines and filing systems.

## Education

*Interactive Media Design Diploma / April 2026*

Fanshawe College – London, Ontario

## Experience

*International Test Pilot School*

Video Creator/Editor / September 2024 – Present

- Reconstructed and edited over 200 hours of live lecture recordings into cohesive, structured digital learning content.
- Utilized Premiere Pro and After Effects for editing, animation design, timing and visual corrections, and final rendering. Applied exposure balancing and basic colour correction to maintain visual consistency across long-form content.
- Designed visual learning aids and motion graphics to enhance clarity and viewer engagement.
- Built structured file management systems in SharePoint to organize scripts, edits, approvals, and final deliverables for stakeholders.

*London Aviation Museum*

*Video Creator/Editor / January 2026 – April 2026 (Expected)*

- Collaborating within a five-person team to develop an online digital museum experience.
- Editing looping exhibition videos, an introduction film, and promotional social media content.
- Applying music-driven pacing techniques and cinematic editing principles.

## Core Skills

Adobe Premiere Pro | After Effects | Photoshop | Illustrator | Cinema 4D | Music-Driven Editing | Basic Colour Correction | Script Structuring | Motion Graphics | Team Collaboration

## Technical and Equipment Experience

Beginner experience with lighting setups, tripod operation, and audio recording equipment. Comfortable editing 4K footage and managing large media libraries.
